Richard joined Rink & Robinson, PLLC in 1989 and has over forty years' experience in the public accounting field. Richard's tax practice areas include individual, corporate, partnership, estate and trust and defined contribution profit sharing taxation and compliance issues, representation of clients before the Internal Revenue Service and Department of Revenue and income tax planning for highly compensated individuals. Richard's accounting practice areas include the preparation and review of compilations, reviews and audits of closely held business entities.

Richard has a son and a daughter and seven grandchildren. Richard's leisure time is occupied by reading, enjoying working in the yard and spending time with his two Border Collies.
